
Welcome to MiraCosta College!

MCCAAF (the MiraCosta College Academic Associate Faculty, CCA/CTA/NEA) represents credit and non-credit Associate Faculty concerning working conditions. We encourage you to become a member of our Union. Your membership helps us help you and your colleagues gain better wages and working conditions.

The Benefits of Union Membership

Union members get a number of benefits: they are eligible to vote on whether to ratify their contract; they have a \$1,000,000 liability insurance policy that can be used if a student sues in a work-related matter; they have a right to legal representation by the union in certain matters; they are eligible to run for or vote for union officers; and they are eligible for a number of discounts.

Our goal is to achieve 100% union membership. We urge you to become a member so that you, like hundreds of your colleagues, can begin enjoying the benefits of your union membership today.
